

FPM Roski Prescription Eye Protection Safety Glasses Program

Overview

In partnership with the USC Roski Eye Institute, FPM is pleased to provide eligible employees reimbursement for prescription eye protection safety eyewear. Please note that all program costs must be approved by the departmental Supervisor prior to beginning the process. This benefit can be renewed every two years for FPM employees which aligns with the USC insurance structure.

Procedures

1. USC requires the employee to have an eye prescription not older than 2 years old
2. Submit the Roski Prescription Safety Glasses Form to your supervisor to fill out (FPM covers basic safety glasses)
3. Employees must go to the ROSKI Eye Center to receive an estimate
4. Submit estimate to Facilities Finance Services: contact is Sarah Ma (sarahma@usc.edu) so she can process the payment via an IBR.
5. FPM is responsible to cover the Basic Package only (see below). Any additional upgrades or expenses will be covered by employee
6. Employee will pick up glasses when ready.

Price Structure
